1.3 Tender Document- RFP 3437/26/03/2021

The tender document “RFP No. 3437-26-03-2021 Engineering and Project management services”, paragraph 4, page 4, indicated that a high level rough order of magnitude estimate must be provided as part of the 1st phase, however the deliverables on page 19 of Annexure B, under “Engineering General” indicate that the semi definitive estimate should be within $\pm 10\%$. Please clarify these contradicting requirements.

Correction: The semi-definite estimate should read, "Provide input into the compilation of the SDE. It can only be within those accuracies when the detail design has been done with the EPC contractor. So the one under Engineering General reads incorrectly.

1.4 Main Tender Document- RFP 347/26/03/2021

The RFP document, page 7 of 15, paragraph 7, bullet point no. 3 – Failure to submit a letter of intent to bid.

Correction: Please note that this is an error and should be ignored. There is no intent to bid form published.

The CSIR wishes to encourage you to submit a response to this tender, and to apologise for any inconveniences caused as a result of this erratum.
