Dear Sir

PROPOSED SUPPLY TO THE TONGAAT DESALINATION PLANT

Your application dated 4 March 2018 as reference.

EThekweni Electricity currently has supply from the 132/11 kV Umdloti Beach substation. This proposal is subject to the construction of a new 10 kilometre, 132 kV, overhead transmission line from this substation to the desalination plant. This option is subject to servitude acquisition and environmental authorisation. The cost of the supply shall be determined once the applicant provides specific timelines for the project.

The above proposal is as per the current network configuration and loading, and is subject to change. Please contact us should have further queries.

Yours faithfully

R DHROCHAND
DEPUTY HEAD: HV OPERATIONS
